

THIS INSERT IS TO BE ASKED ONLY OF MOTHERS WHO OBTAIN THEIR HOUSEHOLD WATER
FROM A SOURCE OUTSIDE OF THEIR HOUSE AND/OR GARDEN

LONGITUDINAL SURVEY 9

Water Insert

NCP - CPC - OPS

INFANT FEEDING PROJECT

IDENTIFICATION

ID2 Barangay _____
(SEE BARANGAY CODE)

ID3 Stratum : 1 - Urban
2 - Rural

ID4 Number of Household in Barangay with Mother-Infant Pair

ID5 Number of Mother-Infant Pairs in Household

Name of Mother: _____

ID6 Exact Address
of Mother: _____

ID8 Name of Interviewer: _____

ID9 Date of Insert Completion

MONTH DAY YEAR

INTERVIEWER: EVEN THOUGH THIS INSERT IS PART OF A LONGITUDINAL QUESTION-
NAIRE THAT CONTAINS ALL IDENTIFICATION VARIABLES, THESE SAME
IDENTIFICATION VARIABLES MUST BE REPEATED ON THIS FACE SHEET

X1 Where are the clothes of your household usually washed?

- 1 - Inside house or garden
- 2 - Outside of house and garden
- 8 - NR/DK
- 9 - NA

☐

X2 How many men, women and children live in your household at present?

(Check against number in household roster.)

- 8 - NR/DK
- 9 - NA

☐☐

X3 How many of these household members usually bathe inside your house or garden (i.e., they do not go to a well, a spring or a river or other place outside of your house and garden)?

- 8 - NR/DK
- 9 - NA

☐☐

X4 In what kind of container do you usually fetch or buy the water that you use at home?

(If household uses different types of containers, for example one kind for drinking water and another type for 'other' water, ask which type of container is the most often used one for 'other' (not drinking) water.)

- 1 - taro
- 2 - vallonan
- 3 - metal pail
- 4 - metal can (cylinder)
- 5 - plastic pail, small
- 6 - plastic pail, large
- 7 - drum
- 8 - other (SPECIFY) _____
- 8 - NR/DK
- 9 - NA

☐

X5 How much water does one such container hold?

1. Record answer in either gallons or liters.

Amount

☐☐☐

2. Ask to what level the container is usually filled and subtract the unfilled portion from the container's total holding capacity.

- 1 - Liter
- 2 - Gallon

☐

3. If respondent does not know the holding capacity of the container, measure its content by filling the container with water using a standard measure (liter or gallon).

4. If the content of the container cannot be measured, describe the container (height, width, diameter, shape) so that the office editor can estimate its holding capacity.

TOTAL CONTENT OF CONTAINER
(In liters. To be completed
by office editor')

--	--	--

- X6 How many of these containers do you carry to your house or buy on an average day for such household purposes as drinking, cooking, bathing at home and/or household cleaning?

(Do not include water used for watering animals and/or plants or any commercial purposes.)

NUMBER OF CONTAINERS

--	--

If the household launders at home (i.e., carries water home for that purpose; cf. Question X1), ask how many additional containers of water the household carries home on an average laundry day.

NUMBER OF ADDITIONAL CONTAINERS

--	--

Then ask, how many days in one week the household usually does laundry.

NUMBER OF LAUNDRY DAYS PER WEEK

--

AVERAGE NUMBER OF LITERS OF WATER
FETCHED OR BOUGHT PER DAY (To be
completed by office editor')

--	--	--

- X7 Do you usually purchase any water?

- 0 - No
- 1 - Yes, but for drinking purposes only
- 2 - Yes, for other than drinking purposes
- 3 - Yes, for drinking and other purposes
- 8 - NH/DK
- 9 - NA

--

X8 How many minutes does it take to walk from your house to the place where you fetch or purchase your water and back (Return trip)?

(Exclude waiting time at well or purchase site, and time used for socializing at well or purchase site or on the way.)

NUMBER OF MINUTES PER RETURN TRIP

--	--

X9 How often do you normally bathe your baby?

(Cleaning the baby's hands with a wet cloth does not constitute bathing, but a sponge bath or something similar does. Record answer of mother in terms of frequency per day, per week or per month.)

NUMBER OF TIMES PER DAY
NUMBER OF TIMES PER WEEK
NUMBER OF TIMES PER MONTH

X10 When your baby defecates inside your house, how do you normally dispose of the feces?

(Describe the manner of disposal as indicated by mother. NO NOF CODE! Code will be supplied by office editor.)
